THE CHINESE BILL IN THE HOUSE.

WASHINGTON, April 29.—In the House a message from the Senate announced the passage by that body of the amendments of the House bill to execute certain treaty stipulations relating to the Chinese. Mr. Page, of California, moved concurrence in the Senate amendments. Mr. Hooker, of Mississippi, objected on the ground that it was not wise legislation to act upon such an important measure without something being first done to consider the amendments.

WASHINGTON, April 29.—The House resumed the consideration of the Mississippi reported election case of Lynch vs. Chalmers, and the previous question having been ordered, Mr. Calkins, of Indiana, took the floor to close the debate. Mr. Calkins spoke for nearly two hours and was frequently applauded by his party friends. In conclusion he reviewed the benefits granted to the colored people by the Republican party and assured that people that the party would continue to educate them, and standing by them in each advancing step in civilization would invoke God's blessing upon them at their children. The conclusion of his speech was greeted with loud and long continued applause on the Republican side and in the galleries, in which a large number of colored men were assembled.
